CISCO WEBEX TEAMS

BECAUSE SIMPLE IS BETTER.

Cisco Webex Teams™ is a cloud-based business collaboration service that unifies world-class voice, messaging and conferencing in a single service. No matter what device you are using, collaborate effectively, from the office, mobile, or remote location. It's secure, scalable, and easy to use and manage.

 gcomm.com.au

TEAMWORK JUST GOT A WHOLE LOT SIMPLER.

Does your workforce have the tools to collaborate effectively? Are your business communications spread across multiple platforms and applications? Why not unify your communications and pull chat, voice, video and collaboration into a single, complete service.

MEET

When you need to meet and collaborate, communicate in one continuous work stream before, during, and after the meeting. Record meetings and share with just a few clicks.

MESSAGE

Exchange secure messages and share files with anyone inside or outside your organisation.

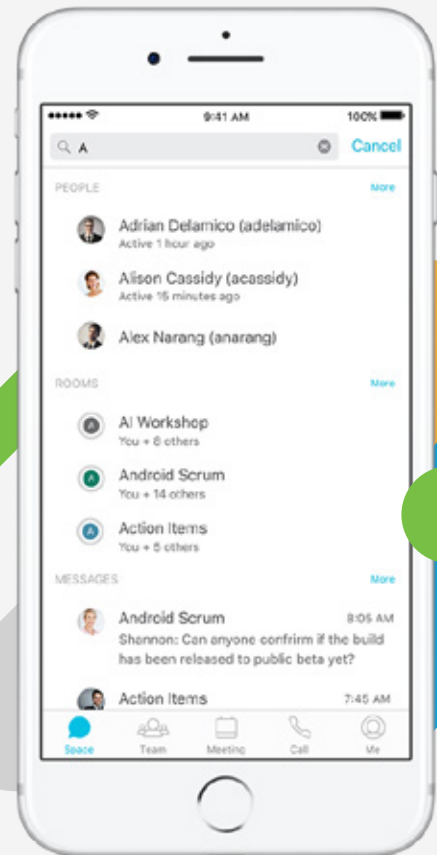

CALL

From desktop or mobile app to Cisco Webex Board, make and receive crystal clear phone calls delivered over cloud technology.

ONE PLATFORM. ZERO HEADACHES.

- ✓ Help meet business demands by allowing employees to work faster and smarter, controlling costs, and making full use of resources.
- ✓ Extend the value of existing collaboration investments with an open, interoperable approach.
- ✓ Enhance productivity by unifying all the ways people work together.
- ✓ Increase team agility by providing virtual meeting places, messaging, and file-sharing capabilities before, during, and after meetings.
- ✓ Improve company culture by allowing employees to work from anywhere to connect and engage.
- ✓ Accelerate business growth and success by moving IT from being a cost centre to a platform for innovation.

OPTION FOR YOUR BUSINESS.

WHY CHOOSE CISCO WEBEX TEAMS FOR YOUR BUSINESS?

✓ SIMPLE

Cisco Webex Teams is delivered entirely from the Cisco cloud, and each element makes the user and administrator experience simple and intuitive. It's easy to use and easy to manage.

✓ SECURE

Cisco Webex Teams uses end-to-end encryption to ensure data remains confidential, available, and secure at all times. Data is encrypted at the Cisco Webex Teams client-side app and stays encrypted all the way across the service.

✓ COMPLETE

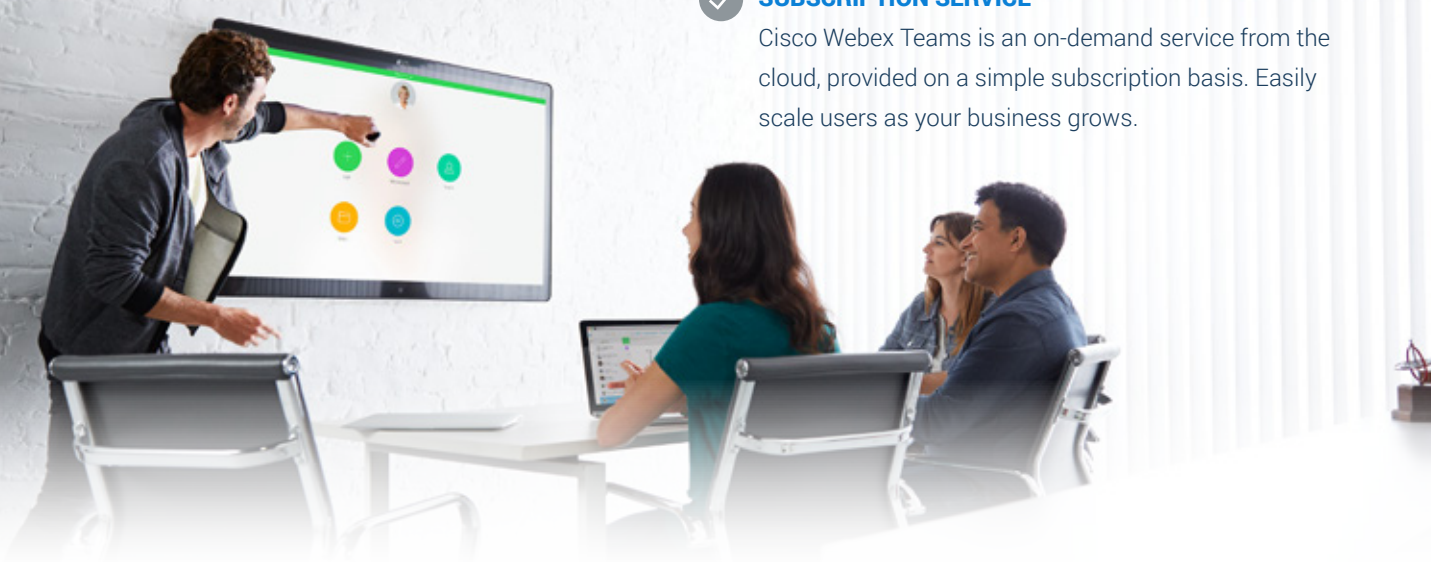

Clients get all the best Cisco collaboration tools - HD audio and video, conferencing, file sharing, and more - in one complete service, providing great experience regardless of location or device and enabling them to call, message, and meet with anyone, anywhere, anytime.

✓ CLOUD ADVANTAGE

Because the Cisco Webex Teams service is hosted in the Cisco cloud, each service is kept up to date automatically and continuously delivered to users.

✓ SUBSCRIPTION SERVICE

Cisco Webex Teams is an on-demand service from the cloud, provided on a simple subscription basis. Easily scale users as your business grows.

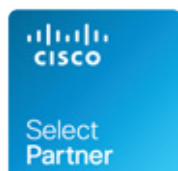

PRESENT. CREATE. COLLABORATE

MAKE YOUR EXPERIENCE COMPLETE WITH CISCO CISCO WEBEX BOARD

Discover the full potential of video collaboration with ultra-high definition video and audio. Begin a call as soon as you walk into room using the Cisco Webex Teams app, or operate from the Cisco Webex Board responsive touch screen.

A powerful 4K camera captures a high-resolution, wide-angle image of virtually the entire room. A 12-microphone array delivers crisp, clear audio, automatically amplifying and modulating voices so that all meeting participants sound great.
